Not a Black Chair.

One woman's story of racism, sexism, and discrimination in Squarespace.

As a young black woman in the tech industry, by virtue of being a woman, I was bound to face discrimination. I've wanted to share this story for a long time but I've been scared. I recently decided that speaking up is far more important than remaining silent.

01.13.16 | STRONG FEMALE LEAD

60% Of Women In Silicon Valley Have Been Sexually Harassed

A new survey reveals the prevalence of discrimination and harassment in Silicon Valley companies.
